Consider what makes a or street

Provide each group with images:

- Heavy traffic
- Colourful street
- Cluttered pavement

Groups to consider images:

- How they make them feel about the street. Do they feel safe?
- How/why this might impact on how they travel

Each group to feedback from discussion. What is it about the images that makes them feel safe? For example:

- Does the street feel pleasant?
- Is there greenery, plants and trees?
- Does the street feel like it was designed for cars or people?
- Does it look like cars might be travelling quickly?
- As a child, would you feel safe? If not, why not?
- What might you do to improve it?
